Option 1: Purchase and Delivery Procedure

Authority and Rights:

- The seller confirms they have the right and capability to sell and export the gold from West Africa, Ghana.
- The buyer confirms they can purchase and pay for the gold via bank transfer (TT).

Process Outline:

1. Upon acceptance of this offer (FCO), the buyer signs and issues a Letter of Intent (LOI) within 5 days.
2. The seller issues a Sales and Purchase Agreement (SPA) within 24 hours of receiving the LOI.
3. Both parties meet in Ghana for physical verification and testing of the gold.
4. After testing and receiving the Assay report, the refinery locks and seals the gold.
5. Seller agrees to pay a commission of \$5,000 USD per kg to intermediaries.

Collateral Gold and Export Tax:

- Buyer pays a 4% export tax in advance, secured by collateral gold equivalent to the 4% amount.
- If the seller fails to deliver within 15 days, the buyer retains the collateral gold.
- A seller representative will accompany the buyer to their destination to witness the final assay.

Option 2: Inspection and Payment

Process Outline:

- Both parties sign the SPA; the seller issues a proforma invoice.
- Buyer deposits 5% of the total invoice value into an escrow account with a reputable USA-based law firm.
- Seller ships the gold within 15 days of escrow confirmation.
- Buyer handles customs clearance and conducts a final assay at their refinery.
- Buyer makes final payment within 72 hours of receiving the assay report.

Penalty Clause:

- Buyer Penalty: If the buyer fails to clear the gold or make the final payment within 72 hours after the final assay, they forfeit the 5% escrow deposit.
- Seller Penalty: If the seller fails to deliver the gold or the gold is less than 997% purity, the escrow deposit is refunded to the buyer, and the seller covers all transaction charges incurred by the buyer.
